# Winter Greens Hike

**Sunday December 13<sup>th</sup> at 10:00am – 11:30pm**  
**Sunday December 27<sup>th</sup> at 10:00am – 11:30pm**

Life endures, even in the deepest winter. Here in Myles Standish State Forest we have many species of plants that have adapted to survive the harshness of cold and snowy New England winters. In this all ages program we will learn about the various ways trees and other plants survive winter in New England as we take a short one-mile stroll through the evergreen forest. This program will give people the opportunity to learn the skills and knowledge to identify plants in winter.

The program follows a portion of the Heart Healthy Trail and meets at the Interpretive Center in the headquarters parking lot. **Free and open to the public!** Rain, snow, or icy trails cancels. For more information call (508) 866-2526.
